

# STAY & PLAY AT THE HILLS

Situated in the heart of The Hills property in a tranquil setting under trees and overlooking a pond, the original share milker's cottage offers the perfect place to enjoy the space and serenity of "life on the farm".

Share Milker's Cottage is over 100 years old and was the accommodation for the milker when the property was a dairy farm. The milk was supplied to the cheese factory, which is now Thomas Brown's gallery on Speargrass Flat Road.

This beautifully restored cottage is now available for guests to book and stay. It can accommodate two adults and two children but is ideally set up as a couple's retreat.

The cottage is self-catered, but guests will be able to order meals and drinks to be delivered from the Clubhouse, and a grocery delivery service if provided if required. Breakfast is included.

The cottage is equipped with wifi, tv, gas bbq, firepit and laundry facilities.

This season's rate for two people\* is \$2,595 per night and includes:

- A round of golf for two people
- Daily breakfast at the Clubhouse
- Golf car for the duration of your stay
- A welcome hamper
- Basic provisions on arrival
- Daily firewood re-stock, or as required
- Cooking and cleaning products for your convenience

\*The cost for additional guests is \$175 pp, excluding golf.
